CHARACTER COUNTS! at RED BANK

Be The Difference! 2017-2018

Urgent Parking Lot Safety

Student Safety is extremely important to us at Red Bank and we need your help to keep our students safe. At Red Bank we have a population of almost 800 students which means heavy traffic at certain times of the day is to be expected. We understand that everyone has busy lives however nothing is more important than the safety of our students.

With that in mind....

Please obey the parking lot rules.

Do not exit through the entrance.

Respect the crossing guard and students crossing the street.

Do not double park.

Do not make illegal u turns in the middle of the road.

Don't park in red zones or reserved parking places.

Do not yell at students or staff members.

Digital Citizenship

Media and technology are at the very center of all our lives today—especially our children's. Kids today spend over 50 hours of screen time every week. The media content they consume and create has a profound impact on their social, emotional, cognitive, and physical development. Learning how to use media and technology wisely is an essential skill for life and learning in the 21st century, but parents, teachers and policymakers struggle to keep up with the rapidly changing digital world in which our children live and learn. Now more than ever, they need a trusted guide to help them navigate a world where change is the only constant.

Common Sense Media is the leading independent nonprofit organization dedicated to helping kids thrive in a world of media and technology. They empower parents, teachers, and policymakers by providing unbiased information, trusted advice and innovative tools to help them harness the power of media and technology as a positive force in all kids' lives.

With that in mind we encourage you to check out the website below:
